

What words shall we use?

Religious Education: ARE and YRE

Quaker Education: AQE and YQE

There has been some discussion of changing the name of our educational programs to RE or Religious Education classes. Recently, we have heard “Adult Religious Education” (ARE) as well as “Adult Quaker Education” (AQE). The youth program has the same choices – youth religious education (YRE) and youth Quaker education (YQE). We will be listening, with love, to each other as we explore these options at our August Meeting for Business. Please plan to attend and also prepare to share what’s on your heart about the name of our spiritual community’s programming.
